

Brand guideline - sample

This is the shape of document SPARK reads best. Replace every line with your own answers and upload it during setup, or from Settings later.

What we do

One sentence a stranger would understand. No adjectives you cannot prove.

Who we do it for

The customer you actually want more of, not everyone you would accept.

What we never say

Claims you cannot stand behind, competitors you will not name, topics that are not yours to comment on.

Proof

Numbers, dates, guarantees, credentials. Anything a post can cite.

How we sound

Three adjectives, then a sentence written the way you would say it out loud to a regular.
